SUPERSEDED

Historical version retained for audit trail, prior-period testing and control traceability.

1. Audit Objective

To assess compliance with the Order Intake Approval Authority Matrix and Order Backlog monitoring requirements under POL-ORD-003 v1.0, and evaluate control CTRL-REV-016.

2. Background and Scope

This audit plan covers orders booked between January 2025 and May 2025 for approval matrix testing, and quarterly Backlog review reports for Q4 2024 and Q1 2025 for aging testing.

3. Key Risk Indicators (KRIs)

KRI ID	KRI Description	Related Policy Clause	Risk Rating
KRI-008	Orders approved by incorrect authority level relative to value	Section 3	High
KRI-009	Backlog items aging >12 months not flagged for review	Section 4.2, 4.3	Medium
KRI-010	Quarterly Backlog review not evidenced/performed on schedule	Section 4.1	Medium

4. Audit Planning Steps

4.1 Step Mapping to Policy Clauses

Step #	Audit Step Description	Policy Clause Tested	Related KRI
1	Verify order approver matches required authority level relative to value tier	3	KRI-008
2	Recalculate Backlog aging and confirm items >365 days were flagged	4.2, 4.3	KRI-009
3	Confirm quarterly Backlog review evidence exists for each quarter	4.1	KRI-010

4.2 Sample Selection Approach

- Approval testing population: Orders booked Jan–May 2025 (n = 210)
- Approval sample size: 20 orders, stratified across all 3 value tiers
- Backlog testing: All items in Backlog >300 days as of review date (n = 27), full population tested

5. Testing Procedures Performed

- Traced order value to approver identity and role in system
- Cross-referenced approver role against Table 1 (Delegation of Authority) in POL-ORD-003 v1.0
- Recalculated aging using Aging (Days) = Current Date – Original Order Booking Date
- Confirmed items >365 days were flagged and reviewed by Finance Manager
- Obtained quarterly Backlog review sign-off evidence for Q4 2024 and Q1 2025
